Applicant:

NAFIGATE Corporation

**The NAFIGATE Corporation implements the project "Hydal R&D centre"
from 1.1.2021 to 30.6. 2023.**

The aim of the project is to create research and innovation capacities that will facilitate a shift from the existing insufficient laboratory capacities to a semi-operational level, which is currently not available in the Czech Republic and thus impedes the development of new circular biotechnologies and the implementation of business models of the NAFIGATE group. In addition to the main objective stated above, other objectives are to develop the necessary material and technical facilities for the implementation of a number of ongoing R&D projects from the Horizon 2020 and Horizon Europe programmes, greater operability and responsiveness to customer requirements within the identified market segments.

The project is co-funded by the European Union.
